TB Wood's Belt Drive Selector Program

TB Wood's has recently introduced a new and improved Belt Drive Selector Program at :

BeltDriveSelector.TBWoods.com

The enhanced online tool allows users to quickly and easily select the right belt drive for a specific application.

Instructions on how to use the tool are defined in a new overview brochure, ***TB Wood's Belt Drive Selector Program (P-7524-TBW)***.

Custom Heavy-Duty Speed Reducers

Work is nearing completion on the new Ocean Ave. bridge that spans the intercoastal waterway in Lantana, Florida. The new bridge features a double-leaf bascule center span which opens to accommodate larger boats.

Nuttall Gear was chosen to provide custom primary drives (one for each leaf). The enclosed helical gear differential drives, with right-angle input shafts, feature input rating of 75 HP @ 1200 RPM, reduction ratio of 12.25:1 and output torque rating of 2,080 ft.lbs. Secondary, parallel-shaft reducers were also supplied with input rating of 37.5 HP @ 98 RPM, reduction ratio of 48.5:1 and output torque rating of 101,000 ft.lbs.

700 Series Speed Reducers

A leading manufacturer of packaging equipment needed a reliable gearbox source that could provide units quickly for their line of cartoning machines used in a wide variety of industries including food, pharmaceutical, cosmetics and household products. The machines are often subjected to routine high pressure washdowns.

Due to their exceptional performance in washdown environments, modified Boston Gear SBK 700 Series speed reducers were selected to replace competitor units. This SBK 700 Series is a value solution for certain washdown applications.

Metals Producers & Metals Processing Market

Altra Industrial Motion brands Ameridrives Couplings, Ameridrives Power Transmission, Bauer Gear Motor, TB Wood's, Marland Clutch, Formsprag Clutch, Nuttall Gear, Delroyd Worm Gear, Stieber Clutch, Twiflex Limited, Wichita Clutch and Bibby Turboflex provide power transmission and motion control solutions for the metal mill and metal processing industries.

To support the metals market two brochures have been published identifying where specific Altra products are utilized throughout metal mills including blast furnaces, continuous casters, roughing mills, finishing mills, cold mills and coilers.

Also launched are two new websites, www.AltraMetalProducers.com and www.AltraMetalProcessing.com, that offer the global metals industries convenient access to Altra brands, products and applications critical to virtually every operation in metal mills and metal processing facilities.

Download the new literature (P-7404-C and P-7415-C) at www.AltraLiterature.com.

Heavy Duty & Overrunning Clutch Brake Group

Wichita Clutch, Industrial Clutch, Twiflex Limited, Formsprag Clutch, Marland Clutch and Stieber Clutch, the industry-leading brands of the Altra Heavy Duty & Overrunning Clutch Brake Group, have been providing innovative solutions to meet the requirements for a broad variety of applications spanning many industries.

www.AltraHeavyDuty.com is the new product-oriented, industry-specific website designed to help educate engineers on the Altra brand component technologies used in a wide variety of industrial applications.

Products on the website are grouped according to type of clutch brake, including backstops/holdbacks, brakes, caliper brakes, clutches, overrunning clutches, and combination clutch/brakes. Product descriptions contain the unique features, benefits and capabilities of each component along with typical applications.

The Altra Heavy Duty & Overrunning Clutch Brake Group has also published a new engineering capabilities brochure which focuses on the engineering design, testing, and support provided by each brand.

Download the new brochure P-7433-C at www.AltraLiterature.com.

www.WarnerElectric.com

Warner Electric is pleased to launch the new look for the website:

www.WarnerElectric.com

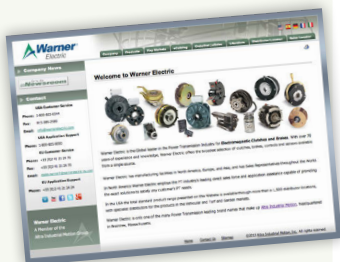

which features a newly designed eCatalog, product line information, key markets, OrderNet and eSales links, a distributor locator, a sales locator, and the Warner Electric Literature Portal.

You can also find quick links to the company social media outlets along with contact information for both the US and Europe.

The website is available in:

- English
- French
- German

Warner
Electric

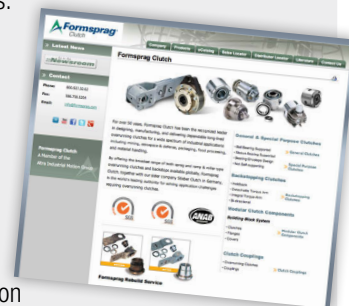

www.Formsprag.com

Formsprag Clutch has recently released an updated website:

www.Formsprag.com

The new website provides an overview of Formsprag's product offerings for a wide range of industries and applications including the following features:

- A company overview
- Full Formsprag product line information
- An online eCatalog
- Sales Locator
- Distributor Locator
- Catalogs, brochures, service manuals and more for download
- Facility and contact information
- Sales

Formsprag
Clutch

www.IndClutch.com

Industrial Clutch's 75+ years of experience is now showcased in a newly designed website:

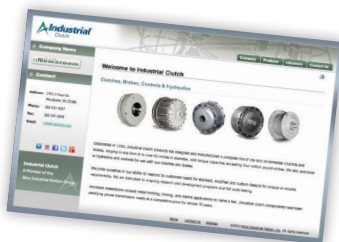

www.IndClutch.com

where you can find detailed information about the abilities of the clutch and brake product line, including:

- Dry Clutch and Brake Models LK, LKB, LKM, LKT
- Oil Immersed Clutch and Brake Models CBA, CBH, HBA and HC

The website also provides a company overview, literature and contact information.

Industrial
Clutch

www.Marland.com

Marland Clutch has announced a new and improved website:

www.Marland.com

This freshly modified website is an excellent resource for engineers and technical professions as it holds access to:

- A review of the company and its history
- Information for both Sprag and Roller products
- Catalogs, brochures, service manuals and more in one location
- An overview of many different markets and applications
- Sales Locator
- Contact information
