OUR TEAM OF TRAINERS

Our team of trainers know the reality of the field.

Our team is made up of experts and technicians who work on all applications (Steel industry, Port, Construction cranes, Nuclear, Cable cars, etc...) in France and around the world.

The Stromag team, recognized as a training organization and wishing to be as close as possible to our customers, is at your disposal to study all your specific requirements. If needed, on-site training is possible.

EXPERIENCE

Testing - Service - Training

AFTER-SALES SERVICE

- **Interventions on all your installations**
Troubleshooting
Commissioning
- **Diagnostic**
Preventive maintenance
Advice on the application of safety rules

TRAINING

- **Within our production center and on site**
- **For a large audience**
From designer to user
- **Real-life situation**
Preventive maintenance
Advice on the application of safety rules

CONTENT OF OUR TRAINING

Quality - Expertise - Adaptability

Our training center offers standard training modules including theoretical and practical knowledge with simulations in real conditions.

We offer several training modules, each one can be adapted to the customer requirements. They are based on standard products and can be adapted to specific products.

Audience	User - Manufacturer					
Language	French - English - Spanish - German					
Location	Stromag France SAS Production Site					
Materials	<p>A training manual is provided to each participant at the beginning of the training</p> 					
Agreement	Bilateral agreement on professional training					
Modules	Electromagnetic Brakes 	Power supplies 	Thruster Brakes 	Hydraulic Brakes 	Hydraulic Power Packs 	Monitoring Control 
Participants	5 maximum per training course
