

Bibby Turboflex SA Overview

The Company

For the past 82 years Bibby Turboflex SA (Pty) Ltd has grown and adapted to meet the requirements of the South African market. Formerly known as Wellman Bibby, Bibby Transmissions UK, part of the Altra Industrial Motion Group (USA), Bibby Turboflex brings together the expertise of market leading companies in the power transmission and motion control industries to create an organization of formidable capability.

Altra is a leading multinational designer, producer and marketer of a wide range of mechanical power transmission products.

Altra also provides products for use in a wide variety of high-volume manufacturing processes, where the reliability and accuracy of our products are critical in both avoiding costly down time and enhancing the overall efficiency of manufacturing operations.

Our products are marketed under a variety of well recognized and established brand names. The Altra product portfolio includes electromagnetic clutches and brakes, overrunning clutches, enclosed gear drives, open gearing, couplings, engineered bearing assemblies, belted drives, linear actuators and other related products.

Our customers operate in a diverse group of industries, including packaging, general industrial, material handling, oil and gas, aggregate and mining, marine, power generation, food processing, transportation and turf and garden.

We are dedicated to finding new and better ways of handling some of the most demanding power transmission applications. By working closely with our customers and applying the latest

technologies in design, materials and manufacturing we have accelerated the development process of bringing new products to the marketplace.

- World-class engineering
- Rapid deployment of prototypes
- Superior customer service and application support... worldwide
- A common driving force: the Altra Business System
- Extensive training programs
- Global manufacturing to support local customer needs

Bibby Turboflex S.A. (PTY) LTD can boast with a comprehensive Power Transmission Product Range, which includes:

- Gear couplings (AGMA Standard)
- Series 2000 grid couplings
- Eflex pin & bushing couplings
- Disc couplings
- High performance disc couplings
- Composite shaft disc couplings
- Torque limiters
- Torque limiting safety elements
- Backstops
- Rotofluid couplings
- Marland low-speed backstops
- Marland Cecon clutches
- Amerigear spindles and Universal joints
- Low-speed rigid flange couplings

Backstops

Standard products rated from 4350Nm - 176,200Nm

Torque Limiters

Standard products rated from 14Nm - 5500Nm

Rotofluid Couplings

Standard products rated from 0.25Kw - 4200Kw

Pin and Bush Couplings

Standard products rated from 50Nm - 216Nm

High Performance Disc Couplings

Standard products rated up to 45,000RPM - 45MNm

General Purpose Disc Couplings

Standard products rated from 57Nm - 75kNm

Torque Limiting Safety Elements

Standard products rated from 44Nm - 6780Nm

Series 2000 Grid Couplings

Standard products rated from 48Nm - 169kNm

Amerigear Spindles & Universal Joints

Marland Cecon

Standard products rated from 978Nm - 81360Nm

Marland Backstops

Standard products rated from 4067Nm - 1000000Nm

Gear Couplings

Standard products with ratings up to 1115kNm
