

Multi-Disc Torque Limiters

Series 54L

Series 54L Multi-Disc Torque Limiters

For Wet or Dry Operation

The Series 54L torque limiters prevent overload damage in an installation by slipping at an adjustable preset torque. These compact units are a simple construction and are easy to adjust. Optional overload Slip Sensor can be used to detect torque overload.

Features

- Simple stepless adjustment allows accurate setting of any required breakaway torque up to the maximum
- Multi-disc design results in contact high torque unit
- Large friction area gives extended plate life
- Bi-directional operation
- Suitable for horizontal or vertical installation
- With optional overload Slip Sensor, detection and signaling of slip is achieved

Typical Applications

- Conveyors
- Pulsating Drives with High Peaks
- Mining
- Bulk Material Handling
