 MAXIMIZE EFFICIENCY WITH
A STREAMLINED SUPPLY CHAIN

*Proven brands supplied by a single source can save up to **\$148,000 per year** in administrative overhead costs, plus simplified operations and service.*

With proven solutions, global service capabilities, and a focus on interoperability, Regal Rexnord can act as a single supplier for ship-to-shore (STS) crane applications. Through the trusted leading brands of Svendborg Brakes, Jaure, Stromag, Stearns™, Falk, and Bauer Gear Motor, Regal Rexnord offers a uniquely broad portfolio of motion control, coupling, brake, and drive technologies for port equipment OEMs and operators. Our products help streamline maintenance, reduce downtime, and build more efficient, resilient systems. Having a packaged solution of cutting-edge products from a single supplier can help crane OEMs and port operators simplify procurement, reduce supply chain complexity, and ensure seamless system performance, all of which can save on the bottom line both short- and long-term.
