

Aggregate Industry Solutions

FROM REGAL REXNORD

REGAL REXNORD **MISSION**

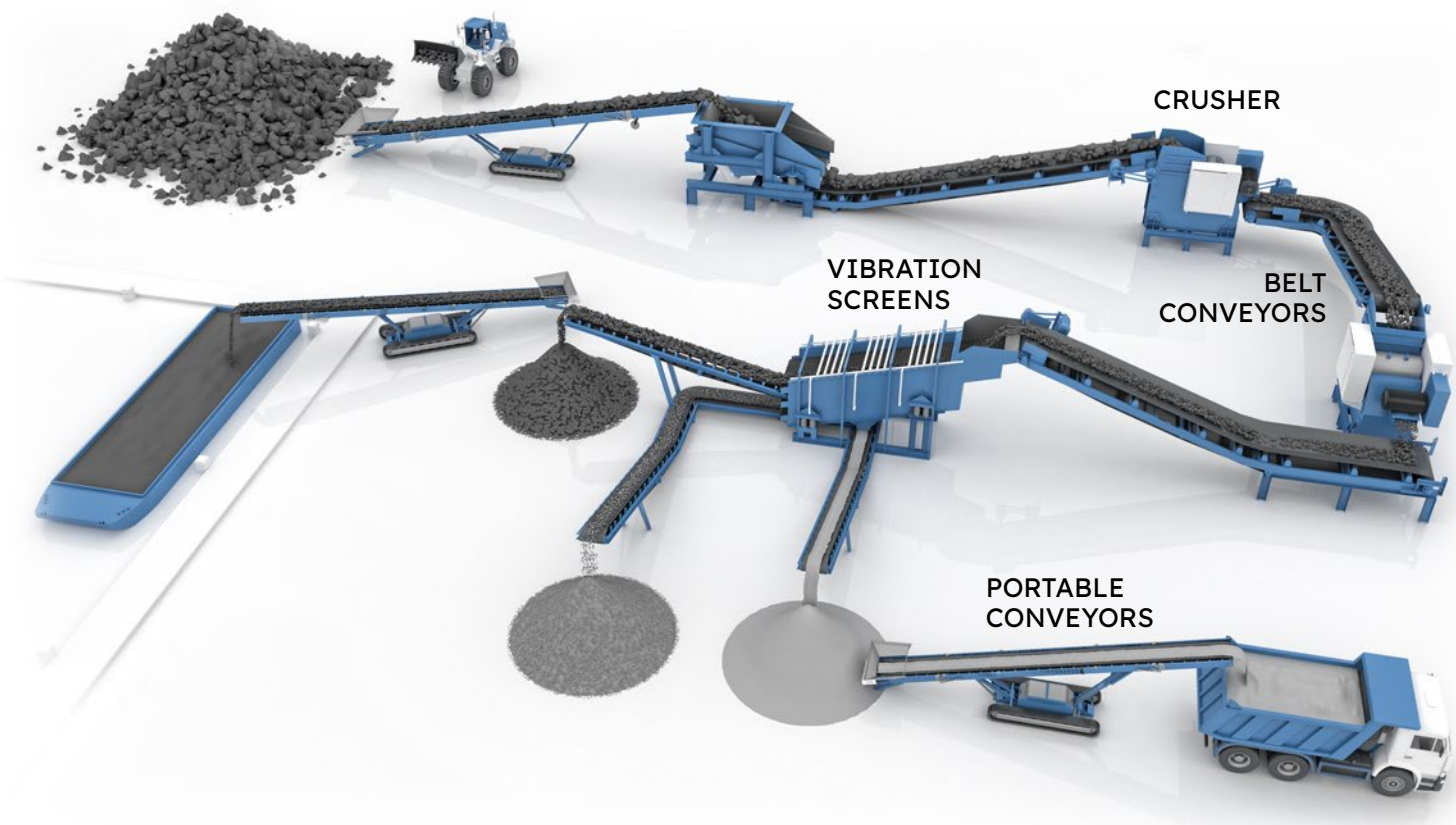

Regal Rexnord is committed to creating a better tomorrow with sustainable solutions that power, transmit and control motion. For us, this means creating innovative solutions that focus on both customer needs and our commitment to sustainability.

We understand the goals and challenges of the aggregate industry. Our wide range of powertrain solutions aim to maximize equipment performance and enhance operating profits by reliably reducing downtime and energy cost.

AGGREGATE INDUSTRY SOLUTIONS

The toughest applications deserve the toughest solutions. Regal Rexnord has over 125 years of experience in solving the Aggregate industry's most difficult challenges. From bulk material handling to drag conveyors and bucket elevators, we collaborate with you to find the ideal combination of products for your specific needs.

Our extensive industry experience allows us to troubleshoot issues, share insights, generate innovative ideas, identify optimization opportunities, and deliver custom solutions. We know the industry, we understand your application, and we have the knowledge to partner with you to achieve your objectives. From design, sourcing, installation, implementation, and monitoring — our team of experts and engineers can help you see the “big picture” and unlock unlimited performance.
