

Soy Processing Solutions

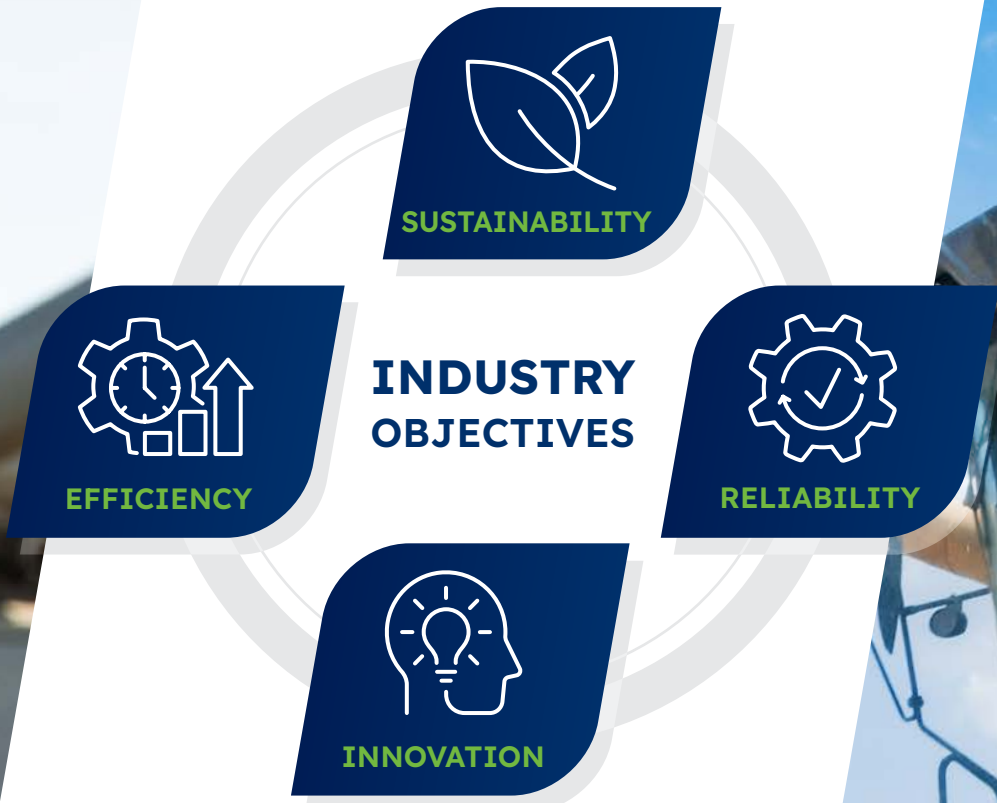

OPTIMIZING GRAIN PRODUCTION
WITH INNOVATIVE POWERTRAIN
SOLUTIONS

COMPLETE SOY PROCESSING SOLUTIONS

Regal Rexnord is helping
to feed the world

Discover how Regal Rexnord's solutions help keep your most demanding soy processing operations running efficiently. Our products are engineered to perform in harsh processing environments while meeting cost and performance objectives—without compromising safety or reliability. From conveyors and bucket elevators to desolventizer toasters, oil extraction systems, and downstream processing drives, rugged Regal Rexnord components deliver dependable power to critical equipment throughout the soy processing lifecycle, backed by the trusted brands you know and rely on:

Autogard™	McGill™
Bauer™ Gear Motor	Rex™
Bibby™	Rexnord™
Boston Gear™	Rollway™
Browning™	Sealmaster™
CENTA™	Stearns™
Duralon™	Stieber™
Falk™	Stromag™
Grove Gear™	TB Woods™
Formsprag Clutch™	Tollok™
Jaure™	
Kilian™	
Link-Belt™	
Marland Clutch™	

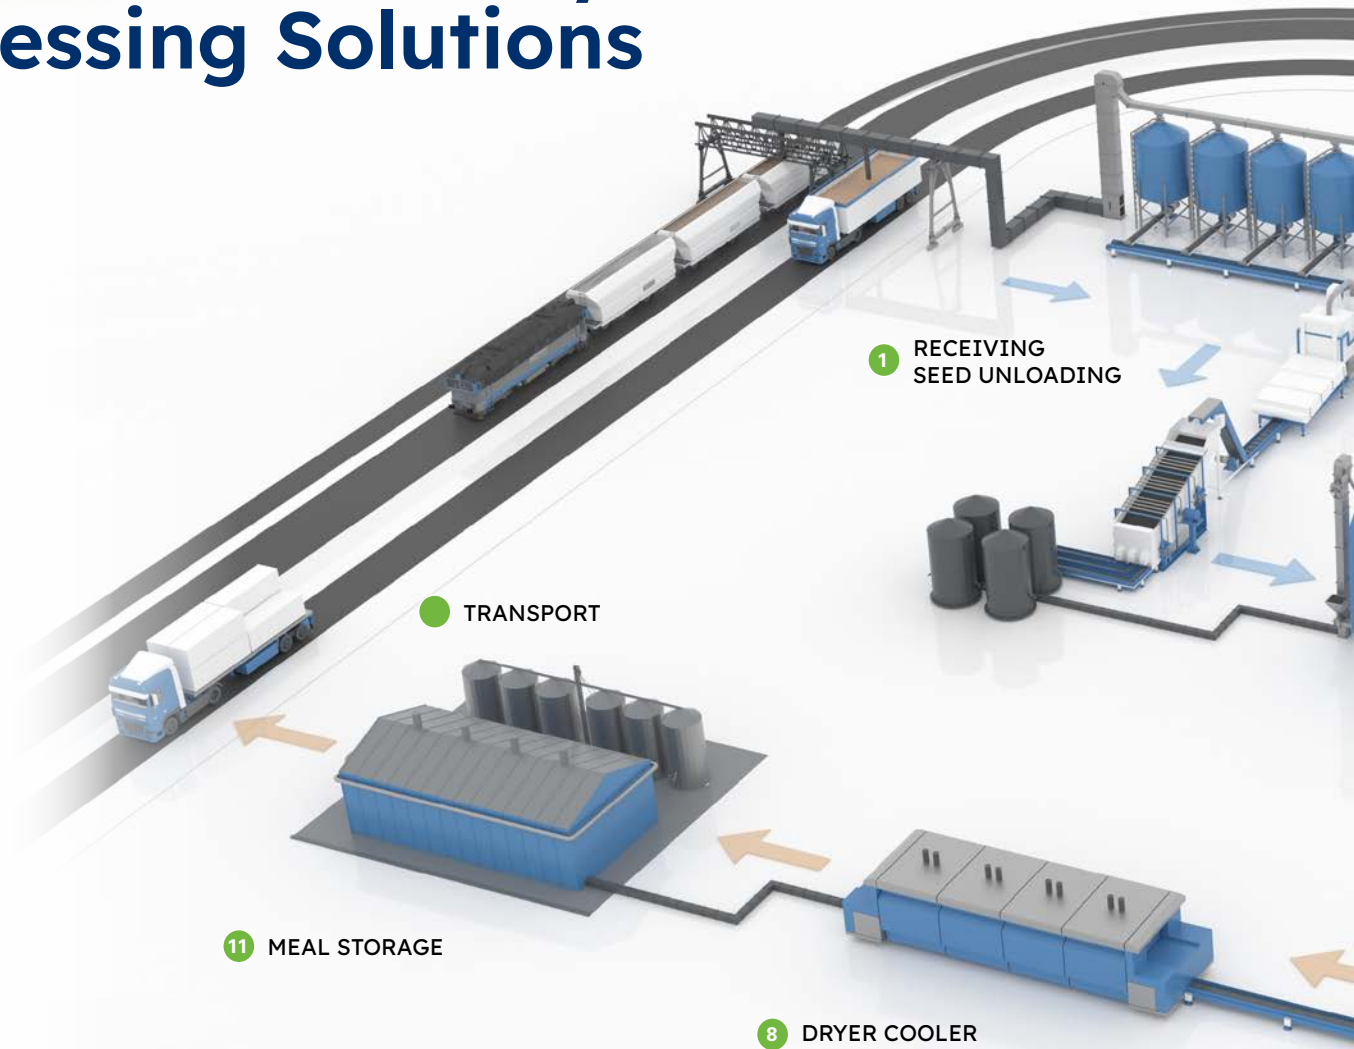

REGAL REXNORD **MISSION**

Regal Rexnord is committed to creating a better tomorrow with sustainable solutions that power, transmit and control motion. For us, this means creating innovative solutions that focus on both customer needs and our commitment to sustainability.

We understand your goals and challenges. We'll show you how to meet your objectives while minimizing pain points.

Regal Rexnord™ Soy Processing Solutions

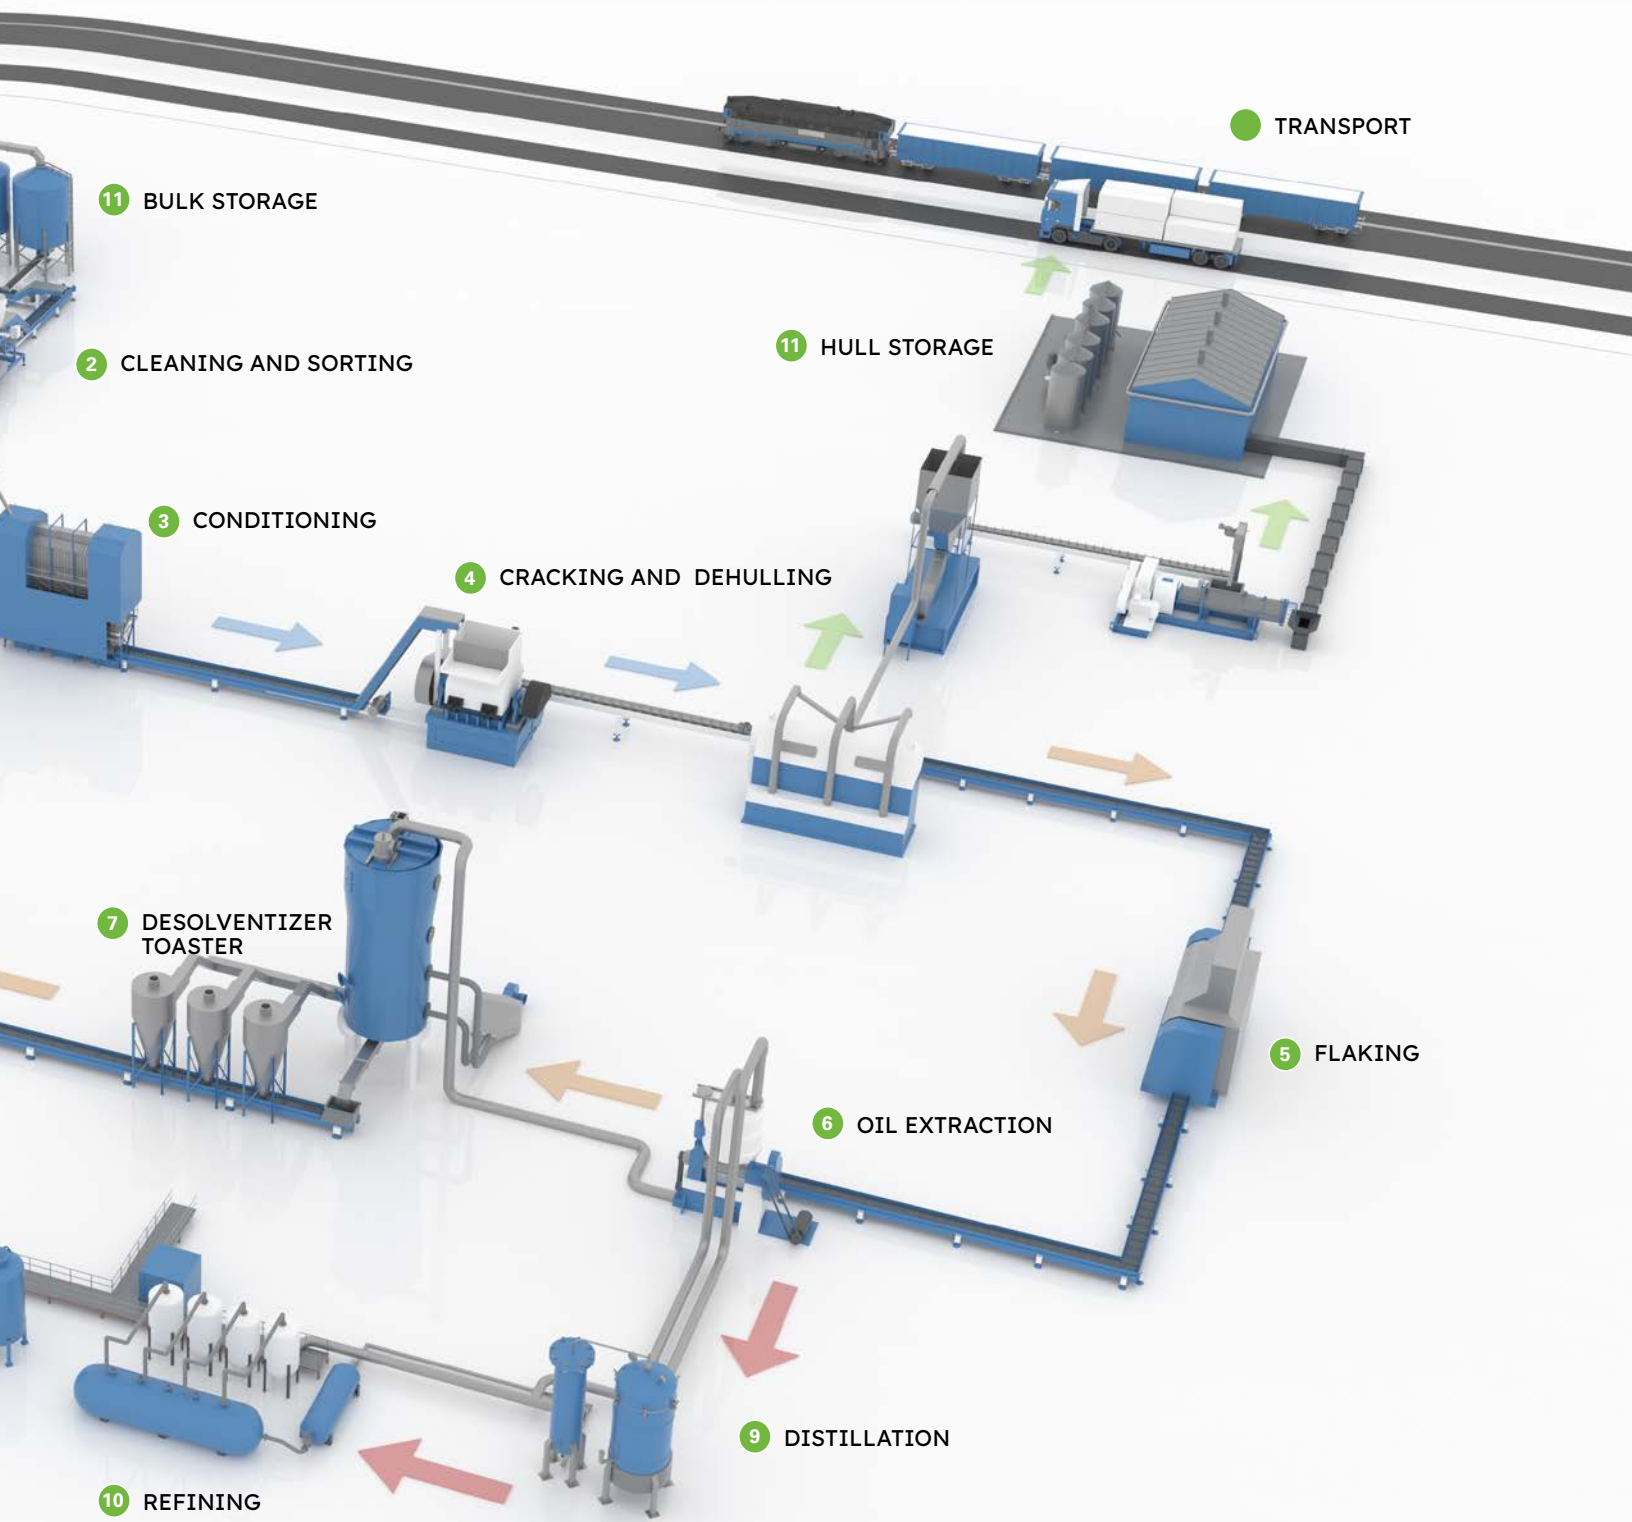

TYPICAL SOYBEAN PROCESSING PLANT

Regal Rexnord's comprehensive portfolio of reliable power transmission solutions are found throughout the entire soy processing plant. From seed preparation to the finished products (oil, meal, hull), our components support every stage of the process to increase uptime and efficiency.

In oilseed processing, there are 50-70 conveyors in the three main stages: seed preparation, solvent extraction, and meal/oil/hull treatment. Our solutions withstand harsh environments, preventing contamination and providing long-lasting performance.

**TOUGHT PRODUCTS FOR
HARSH ENVIRONMENTS IN THE
SOY PROCESSING INDUSTRY.**

**OUR SOLUTIONS
ARE FOUND IN MANY
SOY PROCESSING
APPLICATIONS**

At Regal Rexnord, we are committed to creating a better tomorrow through continuous innovation, sustainability, and customer success

As a global leader in highly engineered motion control systems, air moving solutions, and power transmission components we offer sustainable, innovative solutions that ensure efficiency, reliability, and performance.

Integrity, responsibility, and a passion to win is the foundation of who we are. We value our associates, creating a diverse, engaged, and inclusive work environment that drives innovation and excellence. As your trusted advisor we offer unparalleled expertise and support, helping to unlock peak performance and build stronger businesses. Whether through cutting-edge technology or comprehensive service offerings, Regal Rexnord is proud to be a reliable partner in your progress.

We have deliberately curated our portfolio to better serve the evolving needs of our customers and stakeholders through the merger of Regal Beloit and Rexnord PMC, as well as the acquisition of Altra Industrial Motion. Our broad

portfolio of components and condition monitoring solutions empower customers to build smarter factories, improve operational efficiency, and lead the future of manufacturing.

With a global presence and decades of deep industry expertise, Regal Rexnord is uniquely positioned to provide comprehensive, integrated solutions that enhance performance at every level. From design and sourcing to installation and condition monitoring, our expert teams are dedicated to optimizing your operations and supporting your long-term success.

Together through innovation, collaboration, and a shared vision for a brighter future, **we create a better tomorrow.**
