

Marine Industry Solutions

OPTIMIZING ABOVE AND BELOW DECK
APPLICATIONS FOR PEAK EFFICIENCY

REGAL REXNORD **MISSION**

Regal Rexnord is committed to creating a better tomorrow with sustainable solutions that power, transmit, and control motion. For us, this means creating innovative solutions that focus on both customer needs and our commitment to sustainability.

Regal Rexnord provides solutions that help our customers increase their productivity by maximizing efficiency. By enhancing the efficiency of power transmission systems through reliable components, we significantly reduce downtime due to component failure. Our industry expertise focuses on minimizing downtime through the development of highly-reliable, highly-efficient solutions that improve overall productivity and output. This approach ensures our customers benefit from increased uptime while simplifying overall system design.

MARINE INDUSTRY SOLUTIONS

OPTIMIZING ABOVE AND BELOW DECK APPLICATIONS FOR PEAK EFFICIENCY

For over 100 years, Regal Rexnord has been your trusted global leader, supplying power transmission solutions for marine applications. Our legacy has been built on innovation, reliability, and excellence. We provide a comprehensive range of marine propulsion solutions, with trusted products including brakes, clutches, couplings, controls, seals, and shafting solutions from our well-known brands:

- CENTA™
- Jaure™
- Stromag™
- Svendborg Brakes™
- Stearns™
- Twiflex™
- Wichita Clutch™

Extensive Marine Market Expertise, Exceptional Product Performance

Our customers have come to rely on our extensive marine market experience, solution-based engineering, quality manufacturing, and exceptionally reliable product performance. Regal Rexnord products are utilized on all types of marine vessels, including:

- Workboats
- Naval & Defense
- WTIVs
- Passenger & Ferry
- Cruise
- Yachts
- Dredging
- Icebreakers
- Drilling Platforms & FPSO

Marine Industry Solutions

OPTIMIZING ABOVE AND BELOW DECK APPLICATIONS
FOR PEAK EFFICIENCY

Propulsion and Above Deck Solutions

At Regal Rexnord, our dedication to meeting your specific needs is underscored by our expertise in this field. We aim to drive down costs while enhancing operational efficiency. Our commitment to solutions-based engineering and innovative excellence enables us to provide reliable and high-quality products for the most challenging propulsion, engine, auxiliary power, and above deck applications.

These brands are recognized industry leaders in the design and manufacturing of advanced heavy-duty brakes, clutches, couplings, driveshaft solutions, and systems used on all types of propulsion, auxiliary drives, and winch applications. These include applications such as propeller-driven propulsion,

azimuth and POD thrusters, waterjets, towing, escort, mooring, anchor handling, positioning, abandonment, recovery, and davits. Regal Rexnord components can also be widely found on all types of heavy-engineered cranes, gangways, hoists, jack-up systems, and drilling rigs.

Our brands supply products that meet the requirements of many marine societies including Lloyds Register of Shipping (LRS), Det Norske Veritas (DNV), American Bureau of Shipping (ABS), Germanischer Lloyd (GL), Chinese Classification Society (CCS), Bureau Veritas (BV), RINA (Italian), and Nippon Kaiji Kentei Kyokai (NK).

At Regal Rexnord, we are committed to creating a better tomorrow through continuous innovation, sustainability, and customer success

As a global leader in highly engineered motion control systems, air moving solutions, and power transmission components we offer sustainable, innovative solutions that ensure efficiency, reliability, and performance.

Integrity, responsibility, and a passion to win is the foundation of who we are. We value our associates, creating a diverse, engaged, and inclusive work environment that drives innovation and excellence. As your trusted advisor we offer unparalleled expertise and support, helping to unlock peak performance and build stronger businesses. Whether through cutting-edge technology or comprehensive service offerings, Regal Rexnord is proud to be a reliable partner in your progress.

We have deliberately curated our portfolio to better serve the evolving needs of our customers and stakeholders through the merger of Regal Beloit and Rexnord PMC, as well as the acquisition of Altra Industrial Motion. Our broad

portfolio of components and condition monitoring solutions empower customers to build smarter factories, improve operational efficiency, and lead the future of manufacturing.

With a global presence and decades of deep industry expertise, Regal Rexnord is uniquely positioned to provide comprehensive, integrated solutions that enhance performance at every level. From design and sourcing to installation and condition monitoring, our expert teams are dedicated to optimizing your operations and supporting your long-term success.

Together through innovation, collaboration, and a shared vision for a brighter future, **we create a better tomorrow.**
