## SEE BEYOND INDIVIDUAL PARTS. EMBRACE UNLIMITED POSSIBILITIES.

Regardless of your objectives or the challenges with your application, Powertrain Solutions can help you achieve your unique goals. No matter what your application looks like, it relies on many components, all working together. But not all components are made to work together reliably and efficiently. Powertrain Solutions has the insight, experience and expertise to engineer your collection of components into a fully optimized system — giving you solutions that boost efficiency, improve reliability and performance, lower costs and simplify ordering and logistics.

## You have challenges. We have solutions.

To solve your critical challenges, it is essential to partner with a **global company** with **local resources**, **reputable brands**, and a **proven history** of delivering cost-efficient solutions.

## WHERE OTHERS SEE PARTS, WE SEE A SYSTEM.

Having a reliable, innovative, and efficient powertrain partner is crucial for success. Regal Rexnord is an industry leader, delivering exceptional value through innovative technology, expert advisory services, and a commitment to cost-efficiency. Our goal is to empower our partners to achieve their strategic goals, streamline engineering processes, and enhance their global reach.

## ANY CHALLENGE, ANY INDUSTRY

When it comes to electromechanical applications, the Powertrain Solutions team has seen it all. We have the product knowledge and industry expertise to build solutions for any industry.

- Mining & Metals
- Oil & Gas
- Renewable Energy
- HVAC
- Outdoor & Mobile Power
- Intralogistics
- Heavy Industry
- Food & Beverage

Our product line offers end-to-end functionality.

Our multidisciplinary team provides innovative insights.

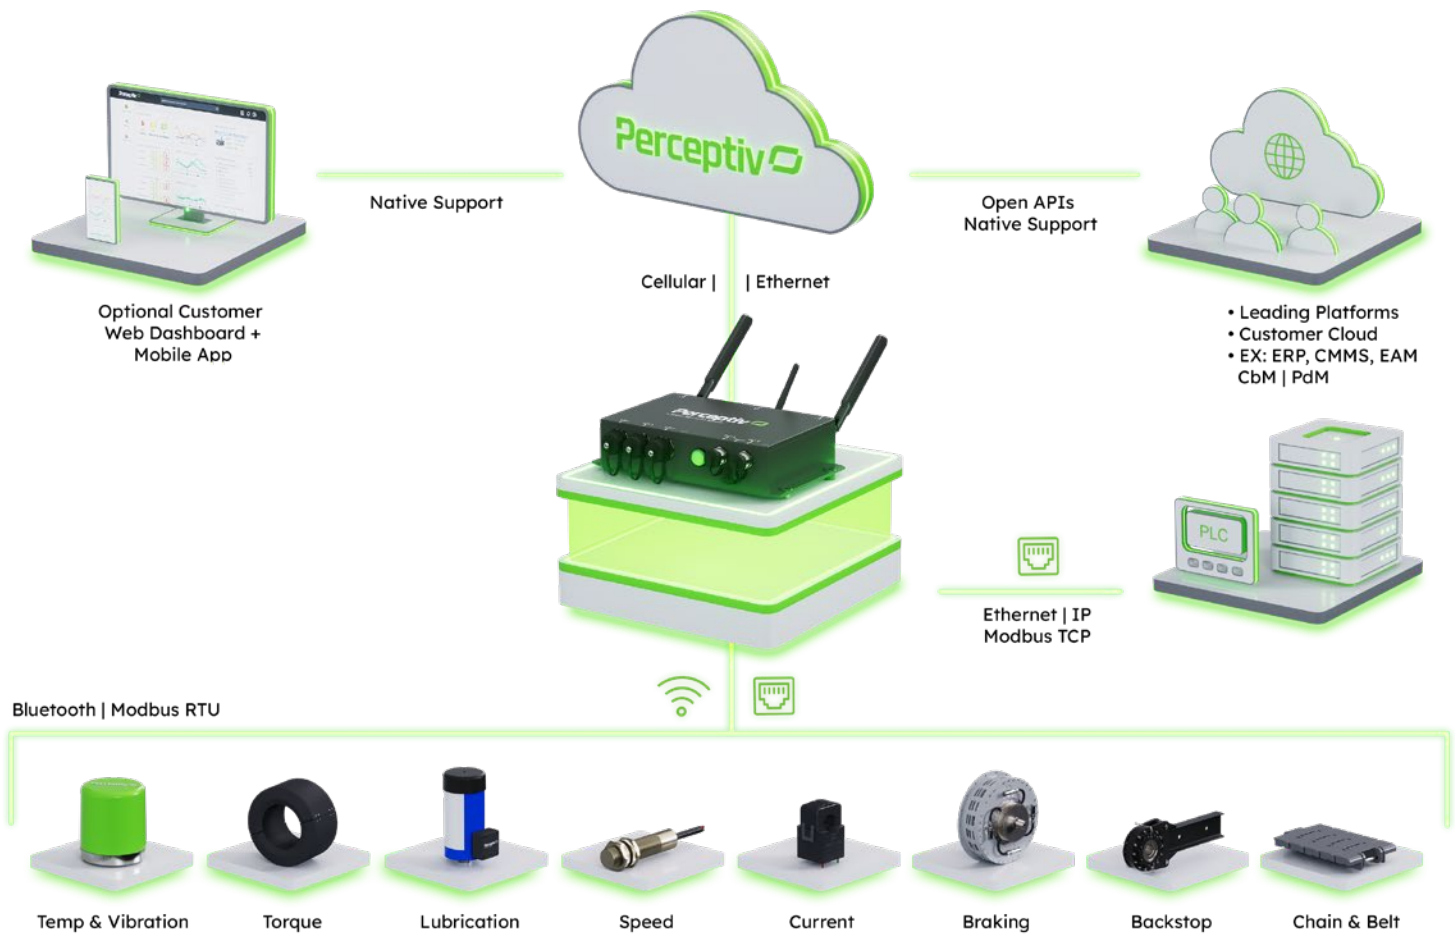

Our experienced engineers have seen and solved every kind of puzzle.

*When you partner with Powertrain Solutions, we help you boost efficiency, performance and reliability.*
