

V-Belt Drive Solutions for HVAC Applications

BROWNING™ V-BELTS & TB WOOD'S™ SHEAVES PROVIDE UNMATCHED PERFORMANCE

To meet the ever changing yet very defined specific needs of the HVAC industry, Browning & TB Wood's have continued to innovate their products and services in order to provide added value to their HVAC customers by offering the following:

- Breadth of product offering: FHP, Integral & Variable Drives
- A proven installation system that eliminates fretting, corrosion, freezing, or sticking
- Application engineer expertise
- Significant inventory in place to cover most applications
- Easy to use, customized drive selection program
- Part models available in the most popular CAD formats

V-Belt Drive Solutions for HVAC Applications

BROWNING V-BELTS & TB WOOD'S SHEAVES
PROVIDE UNMATCHED PERFORMANCE

TB WOOD'S™

LIGHT DUTY (FHP)

APPLICATIONS

Light Duty Air Handling

- Small air conditioning units
- Agricultural and poultry fans
- Furnace blowers

FEATURES

- Durable cast iron sheaves with light duty V-belts for long lasting and quiet operation
- Available in two types, with either 1 or 2 grooves:
 - “A” sheaves for 4L belts
 - “B” sheaves for A(4L) or B(5L) belts
- Can be equipped with either fixed bore (bored to size) or TB Wood's “QT” Sure-Grip™ QD type bushings
- Capacities up to 15 HP
- Bore sizes 1/2 to 1-1/2 inches
- Utilized with 3L, 4L, 5L, A or B belts
- Efficient, lightweight, and economical

VARIABLE PITCH

APPLICATIONS

Commercial Air Handling

- Roof mounted HVAC units
- Centrifugal exhaust fans
- Air curtains
- Axial fans

FEATURES

- All cast iron construction
- Capacities from fractional to over 600 HP
- Will not freeze or stick
- Easy, accurate speed changes
- Utilizes light duty, classical and narrow V-belts

CLASSIC & NARROW

APPLICATIONS

Industrial Air Handling

- Cooling towers
- Utility fans
- Blowers
- Evaporative air conditioners

FEATURES

- Carefully engineered to assure maximum performance over a long life span
- Constructed of fine grain, high tensile cast iron
- Capacities up to 600 HP from stock, even higher HP with special belts, sheaves, and materials
- Can be equipped with TB Wood's QD bushings with bore sizes ranging from 1/2 to 8-1/2 inches
- Utilizes single or banded V-belts with either wrapped or cog construction

Browning™

V-BELTS

APPLICATIONS

Commercial HVAC & General Industrial

FEATURES

- Complete line of belts including FHP, classical, and 3V, 5V, 8V
- Available in notched and wrapped styles
- New TorqTitan™ notched v-belt increases horsepower capacity and eliminates re-tensioning
