

STANDARD EXCHANGE

STROMAG FRANCE BRAKES

STANDARD EXCHANGE IS THE SOLUTION FOR OPTIMUM RELIABILITY AT LOWER COST

To maintain the efficiency of your braking system at a moderate cost, Stromag France offers a **STANDARD EXCHANGE** of your obsolete brakes.

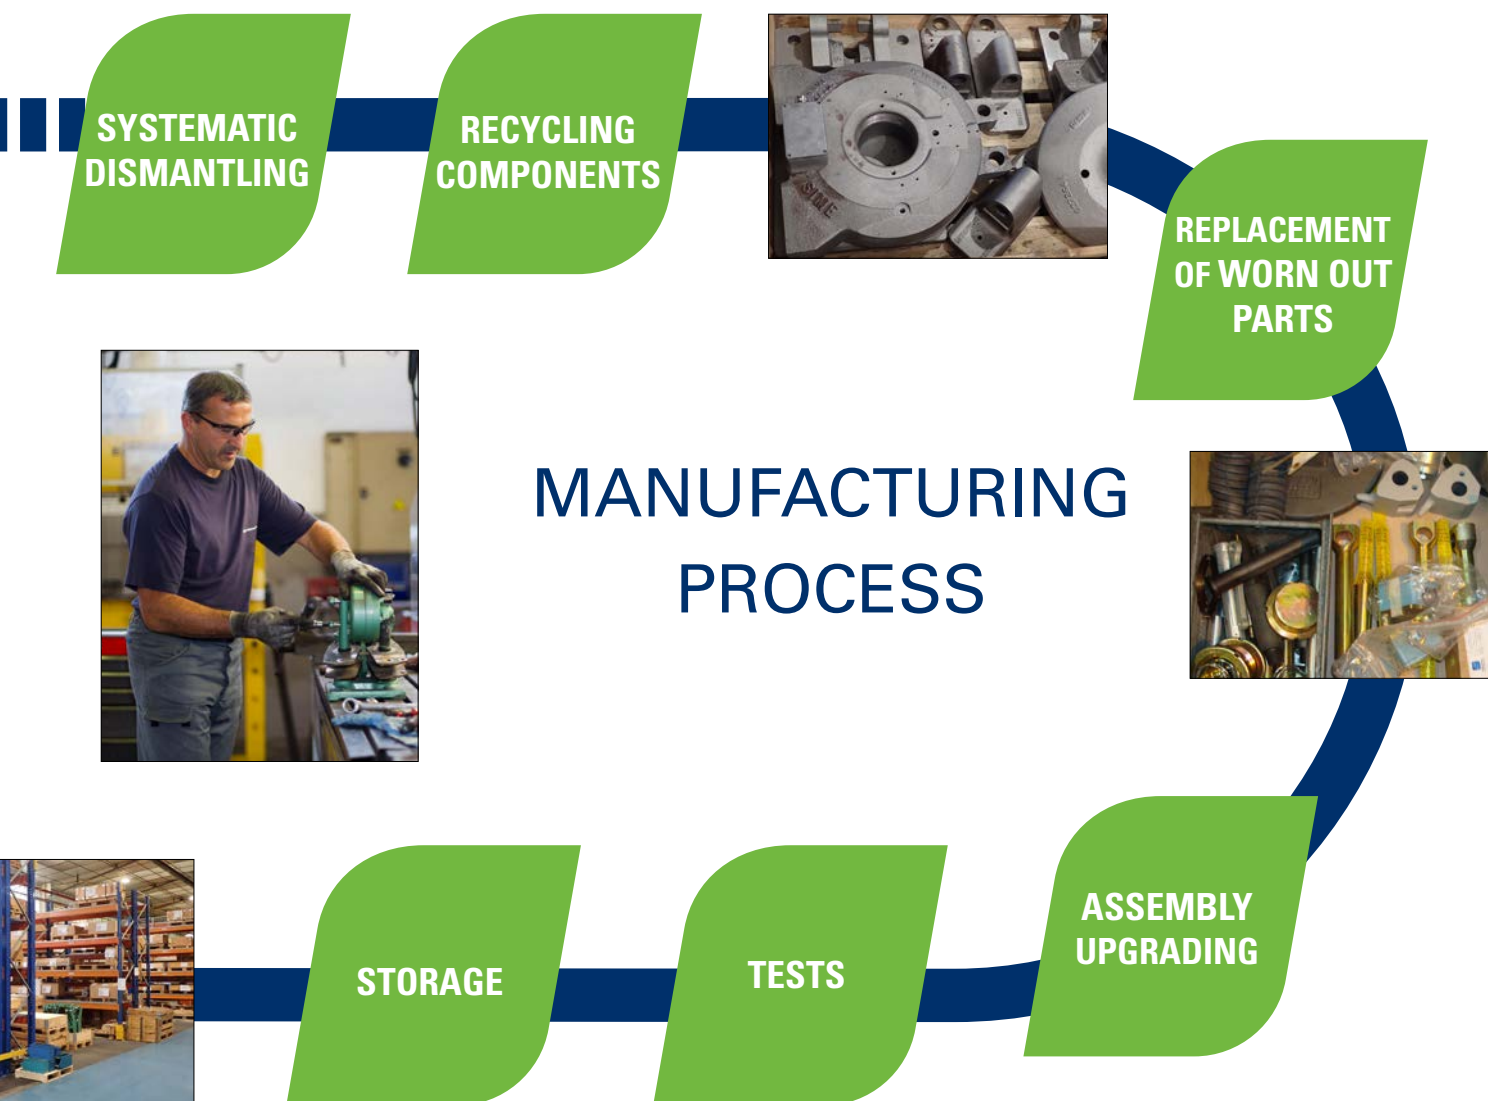

- **SHORT LEAD TIME:**
Brake from our stock of rebuilt brakes
- **QUALITY OF A NEW BRAKE:**
Brake guaranteed and tested as a new brake

- **LOW COST:**
Cost-effective installation upgrade
- **REDUCED ENVIRONMENTAL IMPACT:**
Recycling of non-functional products

This process, developed in our specialized workshop, allows you to:

- get back brakes that are identical in terms of options and performance, with a new 12-month warranty period (just like a new brake),
- anticipate the budgeting of your future interventions.

IMPORTANT:

Each time an old brake is sent to our La Guerche sur l'Aubois site, it is automatically dismantled, which means that your old brake cannot be recovered.

If you do not want a standard exchange, but a repair with recovery of your brake: This must be labeled «for EXPERTISE» (label provided by Stromag France) before shipment so as not to be dismantled for a standard exchange (default treatment) when it is received. Contact our after-sales, sales or customer care department before shipping your brake.
