

Stage & Theater Brakes

For decades, Warner Electric's low noise emission safety brakes have been a preferred choice by many global stage and theater equipment manufacturers.

A variety of single and redundant braking solutions is offered, including FENIX S Series Brakes; FENIX Series Brakes; ERS VAR 15 Series Brakes for use on all types of upper and lower stage equipment.

Within a range from 5 Nm up to 5000 Nm all Warner Electric brakes noise emissions are below 50dB(A) and comply to the most recent regulations and directives such as BGV C1, DIN 56950-1; DGUV V17; EN81-20/50. All units feature convenient "plug & play" installation.

For detailed information about power transmission solutions for stage and theater applications from Regal Rexnord including case studies, literature, and service manuals, visit warnerelectric.com.
