

PROVEN PERFORMANCE IN HARSH ENVIRONMENTS

PROBLEM

Operating cranes in extreme conditions, such as heavy industrial environments, exposure to dust, moisture, and temperature fluctuations, requires braking systems that can withstand continuous stress without compromising safety or reliability. Many systems fail prematurely under such conditions, leading to costly downtime and maintenance.

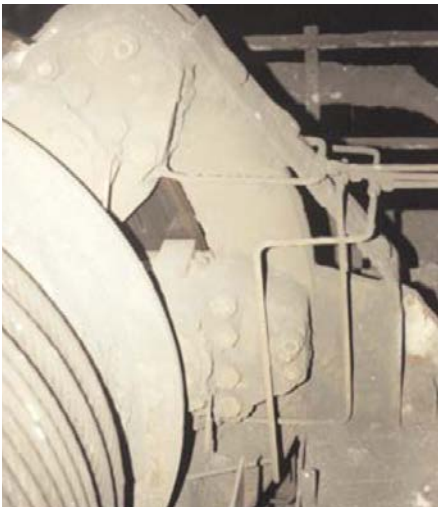

SOLUTION

A customer equipped six cranes with **BSFH 515 brakes** from Svendborg Brakes. These brakes have operated flawlessly for years under extremely difficult conditions, demonstrating their durability, reliability, and suitability for demanding applications.

HIGHLIGHTS

- Long-Term Reliability
- Engineered for industrial applications with high mechanical stress.
- Spring-Applied, Hydraulically Released
- Low Maintenance
- Trusted Performance
